Scattered throughout Rathcroghan are a series of megalithic tombs, silent witnesses to a bygone era. These ancient burial chambers, constructed using massive stone slabs, offer a glimpse into the funerary practices and beliefs of the people who lived here thousands of years ago. The intricate carvings and enigmatic symbols adorning some of these tombs add to their aura of mystery and fascination.

Nestled at the foot of Cruachan is Loughnashade, a beautiful lake steeped in ancient lore. Legend has it that the lake was once the site of a great battle where Queen Medb's army was defeated. Today, the lake remains a place of pilgrimage, where visitors can absorb the tranquility and soak in the beauty of this timeless setting.

Flowing from the slopes of Cruachan is the Holy Well of Tobermore, a place of healing and pilgrimage for centuries. The well is said to possess miraculous properties, and its waters are believed to have the power to cure ailments and bring good fortune. Visitors can still come here to drink from the well and immerse themselves in its sacred atmosphere.

To the north of Rathcroghan lies Tlachtga, a hill associated with the ancient festival of Samhain. This festival, marking the transition from summer to winter, was a time when the veil between the worlds of the living and the dead was said to be at its thinnest. Tlachtga is believed to have been a place of sacrifice and offerings, where people sought to honor their ancestors and appease the gods.
